SUPPLEMENTAL BENEFIT PLANS
JUST ONE ADVANTAGE OF APA MEMBERSHIP

Congratulations and welcome to the pilot ranks of AA. As a pilot, you have the unique privilege of choosing to join APA. One of the many advantages of membership is access to voluntary benefit plans, including:

- Voluntary Supplemental Medical and Custodial Care Benefit Plan (SMP)
- Pilot Mutual Aid Plan (PMA)
- Pilot Occupational Disability Plan (POD)
- Group Term Life and Voluntary Accidental Death & Dismemberment (AD&D) Insurance Plan
- Survivor Benefit Plan (SBP), effective Jan. 1, 2015
Supplemental Medical Plan

APA WANTS TO ENSURE THAT YOU HAVE ACCESS TO MEDICAL CARE WHEN IT IS NEEDED. THE SUPPLEMENTAL MEDICAL PLAN (SMP) PROVIDES A SAFETY NET OF COVERAGE FOR YOU AND YOUR FAMILY AT VARIOUS STAGES IN YOUR LIFE AND CAREER.

SMP allows you to purchase an additional $1,000,000 in medical protection for you and your eligible dependents. Some of the major reasons for joining SMP are:

- Upon your death, SMP coverage will continue until your spouse remarries or obtains other group health coverage if they are enrolled at the time of your death.
- Upon retirement, APA members may continue their SMP benefits, which will provide primary coverage until age 65, then convert to secondary coverage to Medicare.
- SMP offers vision coverage that is at a higher level than that offered by AA.
- The supplemental orthodontia benefit is a favorite among active APA members.
- Coverage may continue for a limited time for furlough or termination by AA.

To participate, you must pay monthly contributions (currently $20/person for members who are active pilots and their spouses; $15/family for dependent children). Retiree contribution amounts can be found on the APA website.

When to join: You must enroll yourself and all eligible dependents prior to reaching age 55 while Actively at Work or within six months of APA eligibility, if later.

If you are age 55 or older you must apply to join APA and submit a completed SMP enrollment form within six months of the date that you are first eligible to join APA.

Once your APA application is approved, your enrollment form will be processed and you must pay contributions back to age 55. You may contact WebTPA at 800.477.8957 for help in calculating your back contributions.
Supplemental Disability Plans

IF YOU DEVELOP A MEDICAL CONDITION OR SUFFER AN INJURY THAT GROUNDS YOU, HOW WOULD YOU REPLACE YOUR INCOME? APA OFFERS TWO TAX-FREE DISABILITY PLANS THAT SUPPLEMENT YOUR AA DISABILITY BENEFITS TO PROTECT YOU AND YOUR FAMILY FROM LOSS OF INCOME.

1. Pilot Mutual Aid (PMA) provides short-term monthly benefits to eligible PMA participants who are disabled and have exhausted both paid sick and vacation time. Here’s an overview of PMA:
   ▶ Pays a monthly benefit for up to 12 months or to age 65, whichever comes first.
   ▶ PMA pays a death benefit of up to $5,000.

   Benefits will begin the later of: (A) completing 60 consecutive days following the Onset of Disability, or (B) the date that the PMA Participant exhausts: (i) the number of sick hours either designated by the PMA Participant or required by the working Agreement prior to receiving Company long term disability benefits; and (ii) any vacation from the Company.

2. **Pilot Occupational Disability (POD)** is designed to supplement your AA Long Term Disability Plan by paying a Basic Benefit for up to 60 months or to age 65, whichever comes first. This chart shows how these disability plans work together.

The AA benefit is based on 60% of your monthly crew pay (up to a maximum of $8,000). The APA benefit will pay a monthly benefit between $1,000 and $8,000 in $200 increments (not to exceed 40% of your monthly crew pay).

Benefits will begin the later of: (A) the first day of the month coincident with or next following the day that is 14 months after the Onset of Disability, or (B) the date the Plan Participant exhausts: (i) the number of sick hours either designated by the Plan Participant or required by the working Agreement prior to receiving Company long term benefits; and (ii) any vacation from the Company.

Covered Disabilities include those that occur while on (1) Active Flight Status, (2) paid or unpaid sick leave from AA, or (3) while Disabled under POD. POD has a lifetime maximum of 96 monthly payments with the following limits on benefit durations:

*With the exception of Chemical Dependencies, Extended Benefits may be paid for up to 96 months (if you are qualified for Social Security disability) and will be offset by a portion of the Social Security disability benefit.

The cost of your benefit is based on your age as of Jan. 1 each year and the benefit amount selected. The monthly rates on the APA website are per $100 of monthly benefit.

**When to join:** Active pilots may enroll in POD at any time.
